Freedoms Medal Awarded "TEXAS"

Freedoms Foundation at Valley Forge has announced the selection of the Panhandle Heritage Foundation's "TEXAS" to receive the distinguished award for outstanding accomplishment in helping to achieve a better understanding of the American way of life.

The following statement was released by Freedoms Foundation President Kenneth D. Wells:

"The trustees and officers of the Freedoms Foundation at Valley Forge announce with pleasure the selection of the Texas Panhandle Heritage Foundation, Inc., by the distinguished National and School Awards Jury to receive the George Washington Honor Medal Award for 1966 Community Programs Category, an outstanding accomplishment in helping to achieve a better understanding of the American way of life".

This award was granted on the basis of a scrapbook of the production "TEXAS" which was submitted to the Foundation in Valley Forge. This production, written by Paul Green, plays in the Palo Duro Canyon each summer. It was entered in the competition because it is a cross section of life in the Panhandle according to Mrs. Ples Harper. Mrs. Harper is president of Panhandle Heritage Foundation.

Each year the Freedom Foundation selects the outstanding contribution to better understanding of the points in its

CHS Students Earn Firsts In Art Show

Canyon High School art students have earned a number of first place awards at the Scholastic Art Awards for the third year in a row.

Entries by local students are on display this week at White and Kirk in Amarillo. The display of area art will remain on exhibit through Saturday, March 4, according to Mrs. Royal Brantley, art instructor.

Two Canyon High School students, Martha Hughes and Mary Anne Frank, had collections of paintings and drawings which were two of the five selected to receive the Hallmark award at the recent judging. Their portfolios will be among those judged for a $100 award in each region during national competition later this spring.

Miss Hughes has placed her portfolio in the Hallmark division for the past two years and has won two awards on her work according to Mrs. Brantley.

Art keys were awarded to both Miss Hughes and Miss Frank for their showings. Other CHS stu-

Last Year's Figure Gets $68,829 Shave

BY WAYNE BOARD

A proposed budget of $457,953 was discussed by Canyon City Commissioners Monday.

This year's budget figure has been lowered $68,829 from last year, said City Manager Gary Gwyn. Capital expenditures last year included funds for a one-half million gallon water tower and new trash collection devices.

Commissioners made few suggestions, save recommending that about $8,000 be added to the $10,000 budgeted for paving.

The commission was to have met last night to set a date for a public hearing on the budget.

In proposing the Police Department's portion of the budget, Gwyn recommended a patrol car replacement and the employment of two additional officers.

Mayor Paul Lindsey balked at the 20 per cent hike in the department's budget request, indicating the additional personnel might not be merited.

Commissioners J. Manly Bryan, H. R. Fulton and George Ritter concurred with Gwyn's recommendation of hiring the additional men.

Another change in operations proposed was that the city purchase a street sweeper and motor grader on a "lease-purchase" arrangement.

The lease-purchase would allow the city to lease the heavy equipment on a three year plan, paying about four per cent interest on the money.

"This would not tie up our money at one time, "Gwyn explained, "and we could probably pay for the equipment after the first year."

Girl Scouts Sell Cookies

The annual Girl Scout "cookie sale" begins Friday according to Mrs. Sam Jolly, cookie chairman.

Orders for the cookies will be taken between Friday and March 4 and deliveries will be made April 1-8.

The cookies sell for 50 cents per box of which some 28 cents remains in the local scout treasury according to Mrs. Jolly.

"The troop which does the selling gets a nickel of the profit for itself," said Mrs. Jolly explaining that an additional 23 cents from each box sold will go into the Girl Scout building fund for maintenance of the building and the general pro-

Area FFA Prexy Dinner Speaker

Future Farmers of America learn the need for nature, patriotism and God, Lowell Catlett, Dalhart, FFA Area I president, told more than 200 people Monday night at the annual Parent-Son Banquet.

The banquet was held in the Canyon High School cafeteria.

He said America is gradually losing some of its freedom. He likened this loss to the sands in an hour glass.

"When the sands run out of an hour glass, you can turn it over and have another hour ahead of you," he said. "But when freedom is gone you don't have a second chance."

"In some areas we seem to have adopted the slogan 'Better Red than dead' ", he declared.

He said Americanism is more than just being a citizen of the US. He said Americans of the old school were not afraid to tell the world they were patriotic and religious.

"We've about forgotten the old Americanism," said Catlett.

"Some Americans will die for their country but they won't go across the street to vote," he went on.

He warned his listeners that the country is turning to socialism or maybe worse.

MARSHALL COOPER

Girlstown Program Set For Tuesday

A community program will be held Tuesday night, February 28, concerning "aid to Girlstown" projects currently being sponsored by the Canyon Jaycees.

Guest speaker for the program will be Marshall Cooper, managing director of Girlstown, who will show slides on the girl's home and discuss needs of the home with local residents.

The program will begin at 7:30 o'clock Tuesday in the all-purpose room of Rex Reeves Elementary School and the general public is invited.

Also included on the program will be musical arrangements by several girls from the home.

Available at the door will be contribution boxes for good used clothing, canned goods and other items. The boxes will be provided by the Canyon Jaycee-Ettes.

JHS Remodeling Gets School Trustee Study

The possibilities of remodeling the junior high school here were discussed by Canyon Independent School District Trustees Tuesday night.

Shiver and Megert, architects for the school district, said one plan would cost some $586,591 for the building revamping.

The location of several doors would be changed, the school's auditorium would be remodeled and the building would be air conditioned and heated.

The move, said School Superintendent Huelyn Laycock, would increase the number of students the building could accomodate by some 300.

If the plan is adopted, Laycock said student classes could be "reshuffled" to allow the contractors to work.

The architects estimated a new building would cost about $1,100,000.

In other business, board members heard a complaint from Fletcher Sims concerning teachers requiring students to see certain television programs.

Sims said in a recent television production Abraham Lincoln was portrayed by a "brawler" and a man previously arrested for disorderly conduct.

"One student in the junior high school was downgraded because he didn't have a television set to watch," Sims commented.

Incumbents File For Commission

Those Canyon residents wishing to run for either of two city commission posts for which terms are expiring must file by March 3. The election has been set for April 4.

To qualify for city commissioner, the candidate must have been a resident of the State one year, county and city resident six months, a property owner in Canyon, and own no delinquent city taxes.

Incumbents John Williams and Dr. J. Manly Bryan have filed for reelection for places four and five respectively.

Mrs. Dewey Foster will be election judge.

Sims said his son was unable to watch many of the shows required because of a conflict with church services. He added his son missed one show because the boy was out of class buying cattle.

"Did you take your son out of class just to buy cattle," asked Dr. Charles Nester, a board member.

"Yes I did," Sims replied.

Sims also voiced disapproval of a practice to increase physical education workouts in the school.

"If you could see the pot-bellied boys I do every day," said Dr. Nester, "then you would appreciate our physical education program."

"That's because they're sit-

Dr. Nester Won't Run

Dr. Charles R. Nester, member of the Canyon Independent School District Trustees, said Tuesday he does not plan to run for reelection. He has been on the board six years.

Incumbent J. O. Parker and Richard Pruitt have both indicated they would run for the "at large" positions on the board in the April 1 elections.

LOUIS MACHUCA

L. Machuca Transferred

Louis Machuca, Randall County District Scout executive for six years, has been transferred to the Last Frontier Council in Oklahoma.

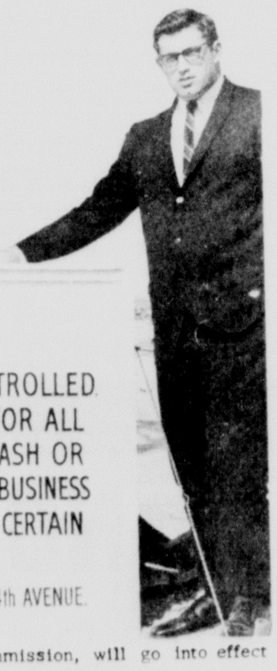

He will be attached to the Sooner District, with headquarters in Norman, Okla.

Machuca came to the area in November of 1960 when the Randall and Tierra Blanca Districts numbered some 200 boys. There are now more than 500 Scouts in the two organizations.

Under his direction the district has been rated number one in its Llano Estacado Council for five of the past six years.

There will be some 2,200 Scouts in his new district.

No replacement has been named.

CITY MANAGER Gary Gwyn checks a sign announcing new regulations at the City Dumping grounds. The regulations, recently approved by the City Commission, will go into effect Wednesday.

Dump Law Effective Wednesday

An ordinance regulating the hauling of garbage to the City Dumping grounds will go into effect Wednesday.

The new rules for dumping procedures were passed by City Commissioners Jan. 9, with the stipulation that they not become effective until March 1.

A $5 license will be required for anyone living outside the city limits using the dump grounds. A dumping fee will also be required.

Charges will range from 25 cents for station wagons to $2 for a truck-load of garbage.

Reason for the licensing, said City Manager Gary Gwyn, would give him control over the dumping procedures.

A city employee is presently stationed at the grounds, so no additional personnel will be

Umbarger Boy Has Close Call

An Umbarger boy narrowly escaped with his life Saturday afternoon of last week when his motor scooter collided with an automobile in front of the Jack Brandt home on Farm to Market Road 1060.

Glen Stocker, 12 years old, son of Mr. and Mrs. E. A. Stocker, suffered a broken right arm near the shoulder and a cut on the leg.

Driver of the automobile was Mrs. Clarence Beckman. She was driving west on the road at the time.

The Stocker boy had had the motor scooter only about 2 hours. He had ridden it to the Brandt home to show it off to his school chum, Dwight Brandt, 12, son of Mr. and Mrs. Jack Brandt.

It was young Brandt who told the most vivid story about the accident.

He said Glen had circled into the Brandt driveway and then drove back onto the highway. Dwight was right behind him on a bicycle.

"I don't think he saw Mrs. Beckman's car," Dwight related.

"She slammed on the brakes," said Dwight. "Glen flew over the car. He was on the hood at first and then he rolled on over the car."

Later Dwight said he couldn't be absolutely certain that his pal went on over the vehicle. "I think he did, though," he

Old Records Are Found

Some 1,000 criminal and civil district court records that had been missing since 1950 were found Friday.

The anitquated volumes, found on the fourth floor of the Randall County Courthouse, date back to 1892, according to District Clerk Mavis Hill.

"A list of missing cases were made in 1950," Mrs. Hill said, "but we were never able to locate them although we did have the case judgements."

She said the records were probably stored away when the county and district's clerk's offices were made separate divisions in early 1950.

Occasionally, she stated, an abstractor requested to see the old cases to check land descriptions.

WT's Dr. John Wilson Quits Graduate Post

Resignation of Dr. John B. Wilson as Dean of the Graduate School and appointment of three new deans at West Texas State University were announced Wednesday by President James P. Cornette. The three appointments are effective Sept. 1.

Dr. Wilson, who became graduate dean in July 1964, has resigned, effective Aug. 31, to accept a position on the graduate faculty at Louisiana State University in New Orleans.

Succeeding Dr. Wilson will be Dr. J. B. Roberts, dean of the School of Teacher Education, and a member of the WTSU faculty since 1948.

Dr. Kenneth M. Laycock, professor of educational administration for two years who was named director of teacher education last fall, will become dean of the School of Teacher Education.

The post of Dean of the College of Arts and Sciences will be filled by Dr. Ray A. Malzahn, associate professor of chemistry since 1963. Dr. Walter H. Vote Tally Record Set

A total of 16,327 Randall County residents have registered to vote in the 1967 elections.

The record total--surpassing the previous registration high of 13,471 set last year--was announced following a final tally Friday.

In 1965, another off - year election, 11,101 paid poll tax to vote.

The 16,000 - plus figure for 1967 does not include those 60 years old or older in Canyon or the rural area. These were not required to register.

'Best' Clerk Sought For Rotary Award

The "most courteous clerk" in Canyon is being sought by the Canyon Rotary Club.

When the club finds the "best clerk" he or she will be awarded with a $50 savings bond according to Eddie Holcomb, Rotary president.

Joe Gidden, contest director, said that a "team of five persons (customers, observers, etc.) will canvass the town of Canyon during a two week period which begins on Monday, February 27, and extends until March 11."

The five-member team will select the most courteous clerk and present the award of $50 savings bond at a special Rotary Club meeting on March 14.

A public hearing on proposed zoning changes at property near 15th Street and 2nd Avenue is slated Monday. The Canyon City Commission called for the hearing.

The hearing, scheduled at 7 p.m. at the City Hall Annex, will be to discuss the rezoning that would effect some two blocks in the area.

FROM THE CANYON RIM

By Troy Martin

A newspaper editor to the south of here all but says John F. Kennedy would have been killed in Dallas even if he hadn't been gunned down by Lee Harvey Oswald.

He quotes Drew Pearson as having said, "If the FBI had worried more about the Lee Harvey Oswalds rather than trying to shape American foreign policy there might have been no assassination."

The editor had this to say: "We disagree. . .Dallas would have found a way."

He insinuates that the President's death might have been plotted in Dallas City Hall. In doing this he libels every man, woman and child living within the city limits of Dallas.

The thing that sticks in the ultra liberal's craw is the fact that President Kennedy was killed by a Communist rather than by a rightwinger.

If the killer had been someone who could have been remotely tied to the political conservatives, this country might have seen its first pogrom.

Dr. Charles R. Nester has announced that he will not be a candidate for re-election to the school board. I know Dr. Nester is a busy man. You always call on busy people when you want to get things done.

Dr. Nester has served his community well on the board and I'm certain that a lot of people would like to see him run again.

Anyway, I think I voice the feelings of the community when I say, "Thank you, Dr. Nester for the services you have rendered on the board of education."

Teachers in our public school systems must be doing a better job than they get credit for in teaching patriotism.

Our youngest came home Tuesday evening, donned a cotton wig (which he improvised himself), whacked the legs off a pair of old trousers and announced to his incredulous mother: "Tomorrow is George Washington's Birthday."

Why don't we see some old Will Rogers movies on television. I'd like to see them all. As a matter of fact I'd like to see some of them booked by Canyon's theatres.

I believe they would draw big crowds.

Rogers was the man who once said, "I never met a man I didn't like."

Speaking of quotes, I heard this by W. C. Fields. Fields was taking on a load at a bar one night, so the story goes.

Weeping into his beer, he declared, "A woman drove me to drink and now I can't remember her name to write and thank her."

Some school children have been playing around the shopping center site near the elementary school.

Principal Oscar Hinger is trying to stop this because there could be a great deal of danger to the children. Parents would do well to keep their children away from the site. This might prevent an accident.

THESE THREE MEMBERS of the Canyon chapter of Future Farmers of America received top awards Monday night at the annual FFA banquet here. From left are Mike Hinders, Steve Cooper, and Mike Breitling. Hinders was named Star Chapter Farmer. Cooper was presented an award for being outstanding member of the chapter. Mike Breitling was named Star Greenhand.

County Borrows For Jury Fund

A total of $20,000 was borrowed from Randall County's General and placed in its Jury Fund by commissioners Monday.

Bill Francis, employed as auditor for the county, explained that the term "transferred" was not legal and that the word "loaned" should be substituted in the clerk's official minutes.

Reason for the loan was more than $3,000 in expenditures for January through the District Court fund; a $1,094.91 deficit from last year; and $5,000 borrowed from the general fund last year. A total of $25,656.06 had been budgeted for the year.

Francis suggested the commission consider raising the present five cents per $100 valuation presently placed in the jury fund.

Commissioners agreed it was difficulty to speculate as to how much money would be necessary to operate the jury fund because the number of juries empaneled varies from year to year.

In other business, Lewis Construction Company of Dumas was awarded a low bid of 68 1/2 cents per yard for some 30,000 cubic yards of caliche to be crushed and stockpiled in precincts two and three.

The caliche - crushing process will begin Monday.

The commission ordered County Judge Lloyd King to draft a resolution that will be forwarded to the West Texas Commission and Judges Association for the group's March meeting.

The resolution endorses legislation to allow counties to sell personal property valued at less than $1,000 without advertising for bidders and to allow real property to be placed in the hands of real estate men rather than advertising for bids.

In others business, the commissioners agreed to permit Woody Pond, newly appointed juvenile probation officer, to occupy a room adjacent the District Clerk's office. The room is presently used for ballot box storage.

The possibility of providing a photostatic copying machine for the county clerk's office was discussed, but no action was taken.

MAYOR PAUL LINDSEY signs a proclamation to observe Texas Public School Week in Canyon March 6-10 as James E. Miller, standing left, chairman of the public school committee in Canyon and Huelyn Laycock, superintendent of the Canyon Independent School District, look on.

Utility Company Pushing Industry

A "Prosperity Through You" program is being launched by the Southwestern Public Service Company to enlist the aid of the electric company's customers and employees to attract new industries to the communities in which they live, according to Joe Gidden, manager of WSPC's Canyon office.

The customers and employees will receive a "Prosperity Through You" prospect card with their March electric service statement, said Gidden. If they have any information at all on an industry that would be interested in locating in their home town, they are requested to fill in the blanks on the card and bring it to their local chamber of commerce office or to their hometown Southwestern Public Service Company office, he went on.

"Industrial development has many times resulted from the actions of one individual. Just the slightest rumor has led, on many occasions, to the establishment of an industry which was economically important to a community. This type of approach will obviously lead to some blind alleys, but it is equally obvious that, with the cooperation of all of us, it can also produce some valuable industrial prospects," Larry Milner, industrial development manager for Southwestern Public Service Company, said.

Plans for following up on the leads provided by the "Prosperity Through You" program call for an evaluation of the tip by local business leaders and then some type of contact with the prospect suggested by the local resident.

Southwestern Public Service Company announced establishment of a new industrial development has been accumulating economic information about communities in its service area in order that it will be able to provide industrial prospects with factual information. "Prosperity Through You" is the first program in what will be an expanded industrial development effort.

Theft Charge Is Lodged In Check Case

Charges of theft by false pretext were filed this week against a young man from Crockett, Tex. who alledgedly wrote some $335 in bogus checks.

A warrant for the man's arrest was issued following a chain of events that began with his enrollment as a West Texas State University student.

Investigating officers said the man registered at WTSU as a student and gave an $85 check to the registrar for tuition. He was also reported to have given the WTSU Bookstore another check for $25.

Officers surmised the man used his WTSU student identification card to cash a $100 check at a local super market and one for $125 at a men's clothing store in Canyon.

The man has not appeared for any of his classes at WTSU, officers stated.

Blue 'n Gold For Cubs Set

Blue and Gold banquets for two Cub Scout Packs of Canyon will be held tonight, Thursday, according to the scoutmasters.

The annual parent-son affairs will both be pot-luck occasions and each will begin at 7 p.m.

Pack 66 will stage its banquet at the cafeteria of Rex Reeves Elementary School, according to Marion Allen, cubmaster. Program for the evening will include skits by each of the various dens of the pack.

Pack 97 will sponsor its banquet at Fellowship Hall of the First Baptist Church. Events for the evening will include the presentation of regular pack meeting awards according to Smokey Stover, scoutmaster.

School Week Set

Texas Public School Week will be observed by schools of the Canyon Independent School District during the week of March 6-10, according to James E. Miller, chairman of the Public Education Committee.

"Texas Public Schools -- Democracy in Action" has been selected as the theme for the week's observance. A proclamation to observe the week was signed Monday by Canyon Mayor Paul Lindsey.

A number of events are planned at the local schools in conjunction with the observance. Among activities currently being planned are open houses at the elementary schools, Rex Reeves Elementary and Gene Howe Elementary, on March 6 between 7:30 and 9 p.m.

Open house at the secondary schools, Canyon Junior High and Canyon High School, are set for March 7 between 7:30 and 9 p.m.

The week's plans also call for local civic clubs to hold their regular meetings at the school cafeterias with students from the various schools available to present special programs for the occasion.

A number of other speical activities are also being planned according to Miller.

"We want to encourage people living in the district to visit our schools, in an effort to develop a better relationship and understanding between parents and teachers," related Miller.

ducted by Rita Huckert, assistant home demonstration agent for Deaf Smith County, and Irene Keating, agent for Castro County.

Awards program will begin at 4:30 p.m. with Mrs. Gamble in charge of the presentation. Also included on the awards program will be a discussion and display from Thompson's Inc., of Canyon on the "selection of dinnerware".

Winners in both the junior and senior levels of the show will progress to the district contest later in the spring. The senior district winners will then compete at the 4-H Roundup at College Station in June according to Mrs. Gamble.

The county foods show is a separate section of the regular county eliminations. Other phases of the county eliminations contest will be conducted in Canyon on Saturday, March 18.

Foods show arrangements have been made by Mrs. Glenn Williams, Mrs. Louis Hinders and Mrs. Roger Dugan.

Girls entering the show must be a minimum of ten years old and will prepare dishes in one of the four food groups including meats, bread and cereals, fruits and vegetables and milk products.

Buffalo Follies Will Debut Here

BY JON LOW

The Buffalo Follies, an imaginative effort to promote season ticket sales for West Texas State University football games, are making final preparation for their debut on Friday, Mar. 3, in WTSU's Branding Iron Theatre in Canyon.

The Follies will feature Coach Joe Kerbel's image of the "Complete Buff Football Player" in a comical, musical variety show.

Molding rugged individuals into a sparkling song and dance team has been the task of Dixie Watson, the Follies' director, for the past six weeks.

"They're wonderful," exclaims Dixie. "Everyone that's seen our rehearsals feels we've got an amazing blend of talent. All of these guys are dancers, and I've been amazed at the speed in which they've learned their routines. They really put their heart into this show and we think their choreography will amaze you."

What Dixie calls choreography the Buff dancers jokingly refer to as "Terpsichorean Trauma" and "The Waltz of the Gladiators."

In explaining his idea of the complete West Texas football player, Kerbel points out, "Our athletes have to be much more than Saturday's gladiator. First, they must be students and we also expect them to be citizens in every sense of the word. In talking with our players after the shows, we feel that fans will see both of these qualities."

A 16-show schedule for the Follies will open Mar. 4 at the Branding Iron Theare in Canyon, with a second performance slated for the following night as well. Appearances are also booked for Dimmitt, Plainview, Spearman, Pampa, Childress, Memphis, Amarillo, Booker, and Boise City, Okla.

You can be sure of one thing: you will never see another bride like 6-5, 275-pound Larry Brazon.

ting at home watching television instead of out looking at good cattle," Sims retorted.

Also present was B. E. McCormick, an organizer of the Randall County Taxpayers League.

Approval was given by a majority of the board members to make changes in the school's business department.

Beginning this fall a one-half unit course in business machines will be offered.

In the course, the students will receive an introduction to types of duplicating equipment, data processing, adding machine practice and work with calculators.

A portion of the course will be taught on machines housed in the Killgore Research Center at West Texas State University.

"We will not only have access to the machines and equipment of the Research Center," Laycock stated, "but we will also have the help and technical assistance of the skilled directors of the Center in teaching these two units."

The board also approved typing instruction beginning in the ninth grade.

Laycock said the expenditure for adding typing to the lower class of students would probaly cost about $5,000 for the first year plus a one-half teacher load.

Laycock said the application of a newly adopted wage and hour law would not cost the school as much as had previously been expected.

One additional expenditure will be for bus drivers making long trips away from the school and another will be to pay someone to open the buildings at night for special events.

Dr. Nester, who is also president of the Potter - Randall County Medical Society, said his group had formulated some suggestions regarding smallpox vaccination and immunization against measles, polio, diptheria and tetanus.

"Each child entering school for the first time," he said, "must show evidence of having been successfully vaccinated against smallpox, and again on entering the seventh grade it is recommended that he again show evidence of having had a smallpox vaccination within the previous six months."

The health society also recommends, he said, that measles, polio, diptheria and tetanus immunizations be required for entrance into school.

Exemptions, he said, will be granted for one-year periods or longer if for medical reasons and upon written request by a licenses physician to the School Physician.

The board approved the recommendations.

The possibility of adding 80 additional seats to the high school auditorium was discussed, but action was tabled.

The seats, Laycock explained, would cost $25.95 each.

Approval was given to personnel recommendations for 1967-1968.

Among those approved include Hobart McDonald, Easton Wall, Oscar Hinger, Luther Lawless, Jim Perkins, R. D. Wheelock, Bryce Slack, Ocoee Holt, Chester Cunningham, Jimmy Plain, Lawrence Brotherton and Conway Kuykendall.

Laycock reported that plans are underway to plan programs for Texas Public School Week to be held in March.

He said a brochure was being prepared and an effort was being made to interest more parents in visiting the schools.

The possibility of employing a consultant to study the cafeteria food was proposed, but no action was taken.

Announcing their retirement from the school system were Audrey E. Jones and James E. Miller.

A school calendar for 1967-1968 was approved by the board.

The grounds will be open from 8 a.m. until 5 p.m. Monday through Friday and from 8 a.m. until noon Saturdays. The dumping area will not be open Sundays or holidays and will be locked at night.

Gwyn explained that many residents from Amarillo and outside Canyon's city limits have taken trash to the grounds in the past and dumping in unauthorized locations.

Anyone violating any provisions of the ordinance may be fined up to $200. The Bi-City Bi-County Health Department will assist in enforcement of the ordinance.

Parker is a local farmer and rancher.

Deadline for filing with the board secretary is Wednesday.

The board voted Tuesday to meet April 3 to canvass the election, declare the results and issue official reports.

To qualify for the board, the candidate must be able to read and write intelligently, must have been a resident of the district six months prior to the election, be a property tax payer in the district and a registered voter.

Election judges appointed were Aubrey Crossland and Bill Harp.

Crossland will maintain the polls at the American Legion Building and Harp will be at the Gene Howe Elementary School building.

Gwyn recommended the purchase of a $13,500 sweeper and an $8,000 used motor grader.

The city, he said, could keep its old sweeper and possibly receive a contract with West Texas State University and shopping centers to do private sweeping.

He said at present the sweeper works in the downtown area weekly and in the residential sections once each month.

The lease-purchase agreement would be on a bid basis.

Although the commission had earlier discussed the hiring of an additional fireman, Fire Capt. Joe Rice and Fire Chief Jim Christopher do not recommend the extra man at this time, Gwyn reported.

Gwyn proposed that the commission review the need for additional personnel in October.

Also proposed was what Gwyn termed a "Recreation and Maintenance Coordinator" who would be responsible for the maintenance of the city's pool and parks.

The coordinator, Gwyn stated, would also be expected to begin a recreational program for Canyon youth similar to the YMCA and YWCA.

He asked the city dads to hire two lifeguards and one cashier at the City pool for three months. Some 12,916 residents used the pool last summer, he explained.

Although there was a general cutback in expenditures, the sharpest decrease came in the Water Distribution Department.

Budgeted was $32,975 as compared to $82,531 last year. The decrease came because a one-half million gallon water tower east of the city was paid for last year.

Funds for the Sanitation Department dropped from $72,000 to $56,000 this year. Last year the city purchased $35,000 in equipment for the department.

In other business, the commission agreed to pave the alley between Plains Butane Company and Shamrock Oil property at 511 23rd Street.

Also considered was a payback to Bill Money of some $2,300 for water lines in the Money Addition.

The commission approved the closing of a dead-end street at the Randall County Junior Livestock Barn. The county owns the property around the premises. A county barn for County Precincts 4 and 3 will be constructed there.

Gwyn and Lindsey said they would rework curb and gutter regulations the commission thought they had approved last fall.

The regulations were considered but never passed.

Zone . . .

(Continued from Page 1)

Art Roberts recently asked that lot 12 and the east 40 feet of lot 11, block 13, be rezoned from residential to commercial to permit him to construct a welding shop in the area.

Robert's request was originally heard by the city commission and then transferred to the Zoning Commission.

The zoning commission has given their approval to the move.

fundamental principle that freedom belongs to all the people and that only by thoughts and Credo which have been made during the previous year and honors the people and programs which made these contributions.

This is the third great outdoor musical drama by Paul Green to be so recognized. The other two were "Wilderness Road" which played in Berea, Ky., for several years and "Faith of Our Fathers" which played in Washington, D. C.

The Freedoms Foundation was established in March 1949.

Material for the presentation was gathered by the staff of the Texas Panhandle Heritage Foundation and was illustrated by pictures from the 1966 production of "TEXAS". It was assembled into a scrapbook by Mrs. Earl Clifford who played Aunt Anna in the 1966 production.

The cover was a hand tooled leather picture of the canyons done by Mrs. Royal Brantley. Mrs. Brantley was also the supervisor of the construction of the County Design Plaques which decorate the entrance to the Pioneer Amphitheatre in the Palo Duro Canyon State Park.

Turkish Student Speaks

Omur Yalcinkaya, a foreign exchange student from Turkey, was a special guest at Tuesday's meeting of the Canyon Study Club.

Miss Yalcinkaya is a senior student in the Amarillo school system. She explained the customs and activities of her country following a review of the history of Turkey by Mrs. Bob Wood; a report on the fine arts of Turkey by Mrs. Don Vars; and a report on the American Field Service, which sponsors the exchange student program, by Mrs. Ronald Taylor.

The meeting was conducted in the Don Sheffy home with Mrs. Joe Britt and Mrs. Jerry Blackerby serving as co-hostesses.

Guests in attendance were Mrs. David Uhl, Mrs. Bennie Burkett and Mrs. Sue Hooper. The club voted to accept Mrs. Gary Gwyn as a new member.

During the business session, the club voted unanimously to give full support to the library building fund raising campaign and to participate in the clubwomen's bake sale which will benefit Girlstown.

Mrs. Charles Brasher, president, reported that all yearly club reports were in and gave special thanks to Mrs. Don Vars and Mrs. Johnny Janak for their work.

Those attending were Mesdames Russell Altmiller, Bill Auvenshine, Charles Brasher, Joe Britt, Walter Cranmer, Duane Guy, Eddie Holcomb, Meade Humphries, David Hunt, Johnny Janak, Darrell Munsel, Don Ray, Johnny Raymond, Don Sheffy, Ronald Taylor, Don Vars, Robert Wood and Jerry Blackerby.

Grandsons Win State

Two grandsons of Mrs. Zora Campbell were among the basketball gridsters from Branson, Colorado which recently won the state championship in the Fisher Peak League.

The two boys, Jerry and Gary Nickell, are sons of Mr. and Mrs. W. M. Nickell of Branson.

Final Auditions Set For 'TEXAS'

The final audition for the Panhandle Area for the popular musical - drama "TEXAS", which plays all summer in the Texas Panhandle, will take place Sunday, Feb. 26, at the Branding Iron Theatre, in the Fine Arts Building, on the campus of West Texas State University, Canyon, from 4:30 to 8 p.m.

This audition includes high school, university and older ages. (The only other audition scheduled is for the Central Texas Area in Dallas, March 4.)

Those wishing to try out should be prepared to give a memorized reading (not to exceed three minutes) to show voice projection and characterization. Actors filling minor roles also double as members of the chorus and all applicants should audition for singing as well as acting roles.

Singers should attend with one prepared number and an accompanist or music for an accompanist. The selected song should show the strength and quality of the voice, whether it be opera-aria, art, show or folk song.

Those unable to attend the audition may mail in a taped self-interview, reading, song, photo, and resume to "TEXAS" Box 268, Canyon, Texas 79015. The directors can then encourage or discourage further auditioning.

"TEXAS", with a cast of 50, is a historical musical-romance of the Panhandle County, a drama intertwined with native folk-songs and dances going back to the 1880's. It was written by the Pulitzer prize-winning playwright Paul Green, with musical arrangements by Isaac Van Grove. Performances are scheduled June 30 through Sept. 4, nightly except Tuesday's, in the Pioneer Amphitheatre in Palo Duro Canyon State Park. The cast is largely of University age and older, they must be available from June 1st through Labor Day.

"TEXAS" was voted the "Number 1" tourist attraction for the month of July 1966, by the National Association of Tourist Organizations. It attracted over 61,000 visitors. Tax Map In Courthouse

Boyd Elliott has prepared a map of Canyon Independent School District showing school tax valuations of all tracts of 80 or more acres in the district.

Elliott says he took the valuations used by the school tax office. He says this map shows gross inequity in school taxation.

The map is on display on the bulletin board in the Randall County Courthouse.

Elliott lives on Hollywood Road about a mile west of the expressway.

"We are not fighting the schools," said Elliott. "We want to help pay our fair share in providing good schools but we feel that under the present structure we are being asked to pay more than our fair share."

Being knocked onto the hood of the automobile probably saved young Stocker's life. His motor scooter went under the car and was demolished. Services of a winch truck were required to remove the scooter from beneath the car.

Investigating officers of the Highway Patrol said Mrs. Beckman was traveling west on FM 1060. Her car skidded about 65 feet to the point of impact and then another 50 feet before coming to a stop. The underside of the car was damaged extensively.

Young Stocker was hospitalized. He was released from the hospital Monday.

but have they stopped to think about what happens to that dollar they spend away from home? Part of it will go to support the schools, churches and public projects of the community in which that dollar was spent. All well and good. But what about the schools, churches, etc. in our own community? These must also be supported. Don't short-change Canyon and yourself by scattering dollars elsewhere. . .keep them working right here for you and yours!

West Texas Searches US For Grid Talent

West Texas State football coaches have been searching over virtually the whole United States for grid talent to bring to Buffalo Land this fall.

Sixteen junior college imports will be on hand when preseason practice begins, while 21 current schoolboys have signed for the Stompers, the University's freshman team.

Five former all-staters are among the junior college additions.

The list is headed by high school all-American and two time all-stater A. Z. Drones, a 6-4, 250 pound tackle from San Angelo, who received 65 college scholarship offers.

Two other Texas all-staters include 6-6, 247-pound tackle Larry Eschenburg of Waco and 5-10, 205-pound linebacker Robert Oujesky of Fort Worth.

Steve Miller, a 6-3, 220-pound tackle, won all-state honors in Illionois, while halfback Troy Anderson did likewise in Arkansas.

An impressive kicking specialist will be present in the form of Donie Pruitt, whose 51-yard field goal against Ranger J. C. is a national junior college record. Pruitt is from Ennis, Tex.

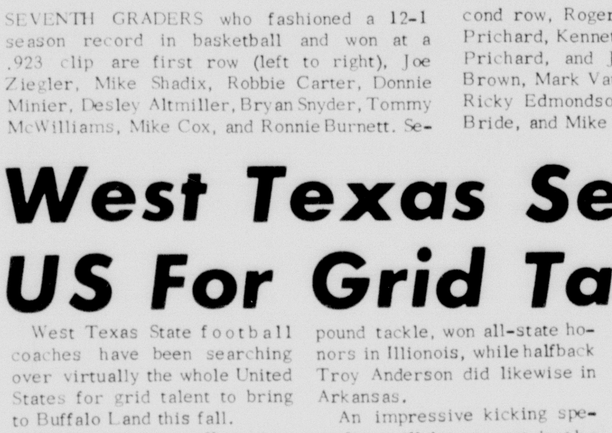

Other arrivals from junior colleges, with their dimensions and hometowns, are end Byron Jones (6-3, 220, Washington, D. C.), tackle Billy Hatchett (6-2, 240, Elk City, Okla.), fullback Gene Harper (6-0, 225, Columbus, Ohio), quarterback Paul Waite (6-3, 219 Martinez, Cal.), tackle Willie Brown (6-3, 218, Corsicana), linebacker Dick Kimbrough (5-11, 228, Redding, Pa.), George Anastasia (6-2, 248, McKeesport, Pa.), flanker Aaron Banks (5-11, 173, Anadarko, Okla.), linebacker Carl Heilman (6-0, 225, McKeesport, Pa.), and safety Lee Morgan (5-11, 180, Dallas).

The most recent addition to the freshman list is 6-2, 215-pound tackle and second team all-stater Ricky Fangman of Hereford.

The freshman team will have plenty of bulk in four 6-4 tackles who average over 230. The largest one is Charles Hawkins of Lawton (Okla.) High, who tips the scales at 260 and turns the 100-yard dash in 11.6.

Behemoth defensive guard Wayne Adams of South Houston measures out at 6-5 1/2, 255.

One way or another, it should be a big year for the Buffaloes.

Canyon City tournament for men will be held April 29-30 and the women's city tournament will be May 6-7.

On March 4-5, the Canyon Bowl men's team will compete in the Great Southwest tournament in Tulsa, Oklahoma. Bowling on the team will be Burl Southern, Hal Brown, Jeter Dickinson, Charlie Owens and Lynnie Attyd.

Buffs Entertain Cougars Tonight

West Texas State's Buffaloes, hiding behind a 1-15 record, go for a colossal upset tonight when they entertain the nation's seventh-ranked quintet in the University of Houston Cougars at 8 p.m. in Buffalo Fieldhouse.

The clash will be the last home tilt of the season for the Buffs whose crowd-thrilling but staggering schedule is unsurpassed by any team in the country.

The West Texans then close the year with a two-game road stand against Texas Western and New Mexico State, a pair of extremely formidable opponents.

The Cougars have charged to a 19-3 seasonal mark and are currently slotted in the seventh position on the national weekly Associated Press poll.

Elvin Hayes, alias "The Big 'E'," is well on his way to all-American honors. The 6-9 center is only one of several tree-tall Cougars, including 6-8 Ken Spain and 6-6 Leary Lentz. Other possible starters are Don Chaney and Melvin Bell.

Houston defeated the Buffs in the gulf city 103-72. WT's Mickey Fitts played perhaps his best game of the year in that one, however, netting 21 points on all-but-impossible shots.

Texas Western, the defending national champions, had to scramble from behind in the latter stages of the game before downing the Buffs 85-73 in Canyon. The Miners have slipped from last year's 28-1 campaign to a 17-5 mark to date, and occupy the tenth spot on the Associated Press poll.

The Miners have an excellent inside-outside combination in 6-7 center David Lattin and guards Bobby Joe Hill and Willie Worsley. Rounding out Coach Don Haskins' attack are 6-10, three-fingered Phil Harris, 6-5 Willie Cager, and 6-8 Nevil Shed.

New Mexico State started obscurely but has since built up the reputation of a giant-killer. The Aggies knocked the University of New Mexico out of the nation's top ten when the Lobos were rated second in the country, and gobbled up Texas Western in two games this season.

NMSU pulled off an 87-68 decision over the Buffs in Canyon earlier in the year. Able Aggies are Robert Evans, Ernest Tucker, John Gambill, and 6-9 Craig Legget.

Mike Mitchell, who leads the Buffs in scoring, raised his season's scoring average to 18.6 with a 34-point outburst against Centenary Monday. Other probable WT starters with scoring averages include Mickey Fitts (17.2), Rod Teague (9.5), Derrith Welch (7.0), and either David Nowlin (8.5) or Jim Neilsen (2.1).

Centenary Gents Tip Buffs In Hair-Raiser

With only two seconds showing on the clock, a 20-foot jump shot by hot-handed Larry Ward gave the Centenary College Gentlemen a hair-raising 104-102 decision over the thundering Buffs of West Texas State.

The Buffaloes, who trailed by as much as 13 points six minutes deep into the second half, cut Centenary's lead to three, four, and one point on certain occasions in the latter half before bolting into a 100-100 tie on Mike Mitchell's midcourt theft of a Gent pass that he quickly bucketed on a driving lay-up to cap a brilliant 34-point night.

Rod Teague staged a re-run of Mitchell's robbery and score, after a pair of free throws by the Gents' Dellis Germann, to make the score 102-102 with 32 seconds left.

With 19 seconds to go, Derrith Welch had a possible chance to win the game for West Texas when he went to the foul line with a one-and-one situation, but his shot missed.

Centenary brought the ball down court, kept it between the key and the right corner with time-consuming passes, and then whipped the ball to Ward at the left of the key for his game-winning shot.

Absent from the Gent lineup in the last crucial minutes was the man who did the most to keep them in front for most of the tilt. John Blankenship, a six-footer who attended high school with Ward in Greenville, Ill., pitched in 34 points before fouling out with 2:22 remaining. Blankenship, who also like Ward is but a sophomore, hit 20 points in the first half.

The Buffs outhit the visitors from the field .507 to .476 and won the rebound battle 58 to 48, but there was an unusual statistical result elsewhere.

West Texas, the nation's leading team in free throw accuracy, dipped well below their seasonal pace and sunk only 28 of 45 charity throws for .622. Centenary's rate of .727 came on 24 of 33.

Rod Teague turned a very good 17-point performance, as he and Mitchell hit a combined total of 51.

Centenary enjoyed outside shooting that was slightly more productive, however, as Blankenship and Ward teamed for 65 markers.

The Gents also appeared to have an edge in hustle as numerous Centenary fast breaks left most of the Buffaloes on the wrong end of the court and had one West Texan trying to guard three hard-driving Gents. On one occasion with 7:21 to play in the second half, Centenary enjoyed a four against one situation on a fast break that produced Mike Scally lay-in for an 89-78 Gentlemen advantage.

West Texas displayed impressively strong rebounding with 6-5 Derrith Welch pulling down 17 misfires, Mickey Fitts grabbing 15, and 6-10 Jim Nielsen, who was used sparingly, snatching 12.

Fitts, WT's only player who is hitting above .500 in field goals, flicked in 15 points, and was trailed by Neilsen (11), Val Franklin (10), Welch (7), David Nowlin (4), and Dale Morris (4).

JHS Second In Tourney

Canyon Junior High's Eighth Grade girls nabbed a second place trophy at the Happy Junior High Tournament over the weekend.

Happy took the championship of its own tourney by besting Canyon in the finals 18-11. Leta Gill scored six points and Kim Tucker added three for the Eagles in the low-scoring affair.

Canyon's shining hour came in the semifinals in a suspense-packed 24-21 victory over Tulia.

"We were up so high for Tulia that beating them probably gave us a letdown in the finals," commented Coach Polly McLain.

Guard Cameron Davis was a key figure in the win against Tulia. She had the responsibility of guarding Tulia's leading scorer, Tanya Toles, and limited her to only two field goals. Sheila Payne was also effective at guard.

On the other end of the court, Donna Ruthart solved the Tulia defenses for nine points while Leta Gill put in eight. Ruthart revealed a knack for defense as well as she swiped the ball four times when the Tulia guards were trying to bring it downcourt.

In their opening game, Canyon started impressively and rolled to an easy 33-10 win over Booker T. Washington of Plainview. Canyon's guards did not allow Washington a single point until midway through the second quarter.

Patty Price paced the Canyon offense with 11 tallies, with Ruthart and Gill following on seven points each.

The Eighth Graders finished their season with a 10-5 record.

COOK OF THE WEEK

Shares Family's Favorites For Cake, Pie

BY LORENA MILLER

Mrs. C. D. Todd shares a couple of favorite family recipes including Mystery Cake and Chocolate Meringue Pie with our readers this week.

Mrs. Todd is the former Waneta Ferguson of Waynoka, Oklahoma. Her parents, Mr. and Mrs. Luther Ferguson, still reside in Waynoka as does a brother, A. J. Another brother, Jim, lives in Waukomis, Oklahoma.

A graduate of Waynoka High School, Mrs. Todd and her husband were married in 1951. He was from a neighboring town, Aline, Oklahoma. His parents, Mr. and Mrs. Robert Todd, still live at Aline and a brother, Dwight, is in Salina, Kansas.

The couple moved to Canyon in 1958, when son, Bobby, was about to enter the first grade. He is presently a ninth grade student at Canyon Junior High School. Bobby works parttime at a local drive-in after school hours and is interested in the piano.

Son, Wayne, 12, is a fifth grade student at Rex Reeves Elementary School. He is a beginning scout and takes guitar lessons.

The youngest son, Larry, 10, is a third grade student and the Todd's daughter, Sandra, will start school next fall.

Active in the First Baptist Church, Mrs. Todd teaches a Sunday School class for 6 year olds. She is also the president of Palo Duro Rusk Home Demonstration Club.

Her husband is an engineer with the Santa Fe Railroad. His main territory includes a run between Clovis, New Mexico and Waynoka, Oklahoma. He has been with the railroad for about 20 years.

The Todds have built and remodeled their home which is located about one and one-half miles east of Canyon. Mr. Todd is presently working on the upstairs section of the house.

Together, the Todds have reupholstered their furniture. The homesite includes some 54 acres and the Todds have several animals for the children including horses and dogs.

"We moved here from Amarillo," said Mrs. Todd explaining that they hoped to "get the kids out into the country."

"When we moved here, there was a small house which we have added onto, rebuilt and remodeled during the years," stated Mrs. Todd.

Mrs. Todd is a self-taught artist and likes to dabble with oil painting during her spare-time as a hobby. Several paintings, done by Mrs. Todd, grace the home. She said that she hopes to take some college art courses when her children are all in school.

Another hobby of Mrs. Todd is cooking. This week her recipes include an unusual Mystery Cake and a Chocolate Meringue Pie, which uses boxed mixes and the meringue doesn't weep.

Her recipes follow:

MYSTERY CAKE

3/4 cup shortening
2 cup sugar
3 1/2 cup flour
1/2 tsp. salt
3 1/2 tsp. baking powder

2 squares chocolate
1/2 cup raisins, ground
12 candied cherries, chopped

Cream shortening and sugar until fluffy. Sift flour and measure, combine with dry ingredients and sift together three times. Add dry ingredients and liquid, alternately, to creamed mixture.

Fold in egg whites and flavoring. Divide batter into three equal parts. Add nuts to first part, melted chocolate to second part and raisins and cherries to third.

Bake in greased and floured layer pans at 350 degrees for 25-30 minutes.

CAKE FILLING:

2 eggs beaten
1 cup granualted sugar
3/4 cup nuts, chopped
1/2 cup sour cream
2 Tbsp. shortening

Combine eggs and sugar, sour cream and shortening in double boiler and cook until it coats spoon. Cool.

Add nuts and spread between layers of cake. Cover cake with Seven Minute Icing and garnish with additional nuts, cherries and raisins.

CHOCOLATE MERINGUE PIE

Crust:
1 1/4 cup flour
1/2 cup shortening
1/4 cup water
1/2 tsp. salt

Mix together and roll thin. Place in pie tins and bake at 475 degrees for 8-10 minutes. Makes two 9 inch crusts.

Pie Filling:
1 pkg. vanilla pudding and pie mix
1 pkg. chocolate pudding and pie mix

Mix together and prepare according to directions on package. (Remember you are doubling the recipe for both mixes). Remove filling from heat and add one tsp. vanilla.

Allow to cool and pour into two prepared pie crusts.

Meringue Topping:
1 1/2 Tbsp water
1 Tbsp. cornstarch
1/2 cup boiling water
3 egg whites, beaten
6 Tbsp. sugar

Mix cornstarch with 1 1/2 Tbsp. water. Add to boiling water and cook until clear. Set aside and cool.

Beat egg whites until they form soft peaks. Beat in cooled cornstarch paste and beat until firm. Add sugar and beat well.

Spread meringue over tops of pie and bake at 400 degrees for 8-10 minutes until golden brown.

Recipe must be doubled for two meringue pies. The meringue is tender and cuts well.

Grid Clinic Shaping Up

Three well known gridiron personalities, Frank Broyles, Frank Ryan, and Emory Bellard, will be on the instructional staff of the fifth annual West Texas State University Coaching Clinic.

The clinic will be conducted on the WTSU campus March 10 and 11.

Broyles has directed the University of Arkansas to five Southwest Conference Championships in the last eight years. He will speak on "Arkansas Football."

This marks the second straight year that Ryan has been named to the instructional staff of the clinic. The 30-year old Cleveland Brown quarterback starred collegiately at Rice and played professionally for the Los Angeles Rams before going to the Browns.

Ryan guided Cleveland to the NFL title in 1964 and the Eastern Division title in 1965. Ryan, who received a Ph.D. from Rice two years ago, completed 200 of 382 passes for 2974 yards and 29 touchdowns in the past grid campaign.

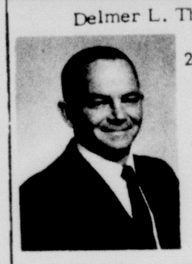

Bellard, who coached San Angelo Central High to the class AAAA state championship last year before accepting an assistant coaching position at the University of Texas, will lecture on "Defensive Football."

The WTSU Coaching Clinic is annually attended by high school and junior college coaches from Texas, New Mexico, Kansas, Colorado, and Nebraska.
